- Please notify us of any special needs when scheduling your appointment with ScreenAtlanta.
- Insurance can be filed, payment will depend on policy coverage.
- Financial assistance available for qualified applicants.
- A written order from your doctor is required.
- Please refrain from any deodorant, powder or creams on the day of the exam.

Northside ScreenAtlanta, is an ACR/FDA/MQSA certified, specialty equipped van, providing mammogram screening services on our mobile unit. With the same high quality images as those provided at our outpatient imaging locations, each mammogram is performed by a Northside Hospital Registered Radiologic Technologist (RRT), with advanced training and certification in mammography, and is interpreted by a board-certified radiologist, who has received advanced training in breast imaging.
